

COTUIT
CENTER FOR THE ARTS

Women ROCK!

Sunday, September 6, 2026
Cape Cod Melody Tent, Hyannis, MA

Two Milestone Anniversaries, One Unforgettable Night

This landmark concert brings together two of Cape Cod's most vital nonprofits, WE CAN and Cotuit Center for the Arts, as they celebrate milestone anniversaries. WE CAN marks 25 years of empowering Cape Cod women, while Cotuit Center for the Arts commemorates 30 years of making the arts accessible, inspiring, and essential to the community.

The evening will feature a special performance of Women ROCK!, the Cotuit Center's electrifying original production conceived and produced by Michael Dunford, drummer of the All-Star Band. The high-energy show showcases the Cape's most talented female rock vocalists (Lily Anderson, Natalia Bonfini, Allie Jason, Lisa Jason, Trish Larose and Sara Sneed) backed by that very band (Michael Dunford, Rich Hill, Misao Koyama, Don Legge, Joe Merrick, Peter Murray and Heather Swanson), in a dynamic tribute to icons ranging from Janis Joplin and Carole King to Brandi Carlile, Adele, and Lady Gaga. It's a night of powerhouse performances celebrating strength, artistry, and the spirit of women who rock—both on stage and in the community.

Proceeds from the concert will directly benefit both organizations, supporting WE CAN's life-changing programs for women in transition and the Center's year-round arts programming for all ages.

The concert will be performed at the iconic Melody Tent, which seats 2,250.

Sponsors will receive a wide range of benefits, strong visibility during the months of promotion prior to the event and at the concert itself, and the opportunity to support the important missions of these two organizations.
